### Professional Experience

July 2014 - Present

Curriculum Writer (Seasonal Position)

**PlanetBravo Technology Education, Los Angeles, CA**

PlanetBravo is a Summer camp that teaches kids how to program, make video games, build robots, edit videos, and much more. My duties are to create and expand the curriculum that is taught by the camp counselors to a group of students. Some of the classes I wrote are: Minecraft Modding, Java 2-week intensive, Javascript, Python, and Scratch.

June 2016 - Present

Chapter President

**SkillsUSA South Pasadena Chapter, Los Angeles, CA**

My duties as chapter president include: the effective functioning of the club, leadership of the other officers and members, representative of the club to the student body and faculty, to delegate work efficiently and effectively, and to supervise the chapter operations.

August 2017 - Present

Web Developer

**Bloc, South Pasadena, CA**

Bloc is a virtual company created at South Pasadena High School to simulate a real-World business environment. I was in charge of the Bloc company website, managing online sales, and updating the website's contents.

### Formal Education

Class of 2022

Computer Science, B.S.  
**Cal Poly Pomona**

Class of 2018

High School  
**South Pasadena High School**
